

Cats

Cats are pets. Many people love cats. Adults love cats. Kids love cats too. And dogs really love cats. Dogs love to chase after cats. Cats are soft and furry. They purr when they are happy. Cats make nice pets. It is not hard to take care of cats. They like to do their own thing. You just have to make sure they have food and water. You need to pet them gently. Do not pull on their tails. That is one thing that cats hate. Cats also do not like it when you try to touch them while they are eating. Some cats are very lazy. They sleep all day. Some love to play. They like to pull on strings. They like to go in and out of boxes. Some cats stay inside. Some play outside. They may hide in bushes. They may lie in the sun. House cats make fun pets.
