

Tennis

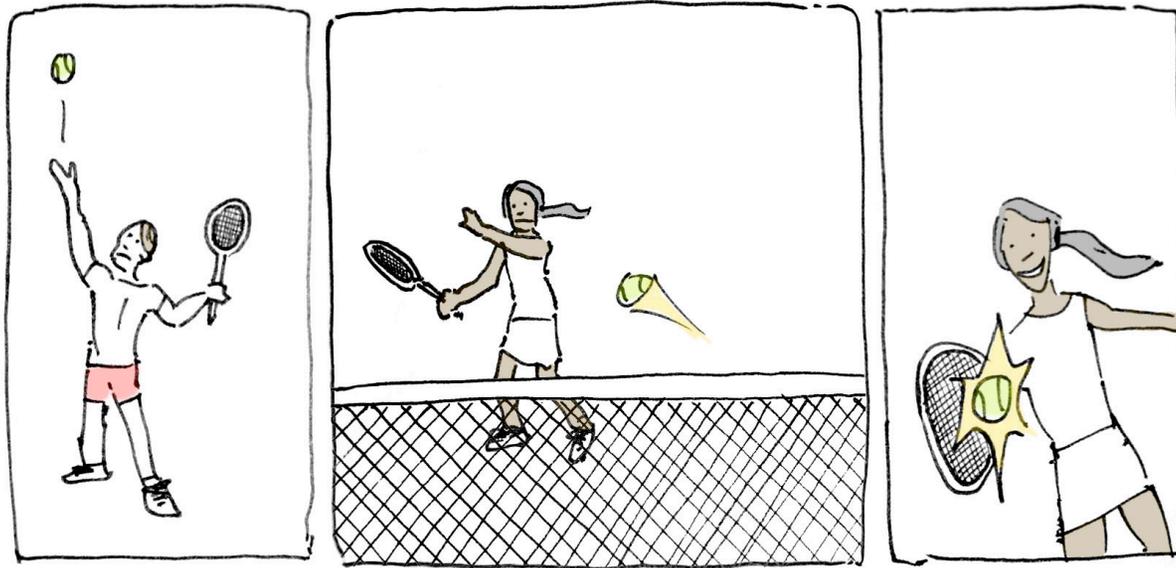

Illustrated by Richard Funkhouser 2008

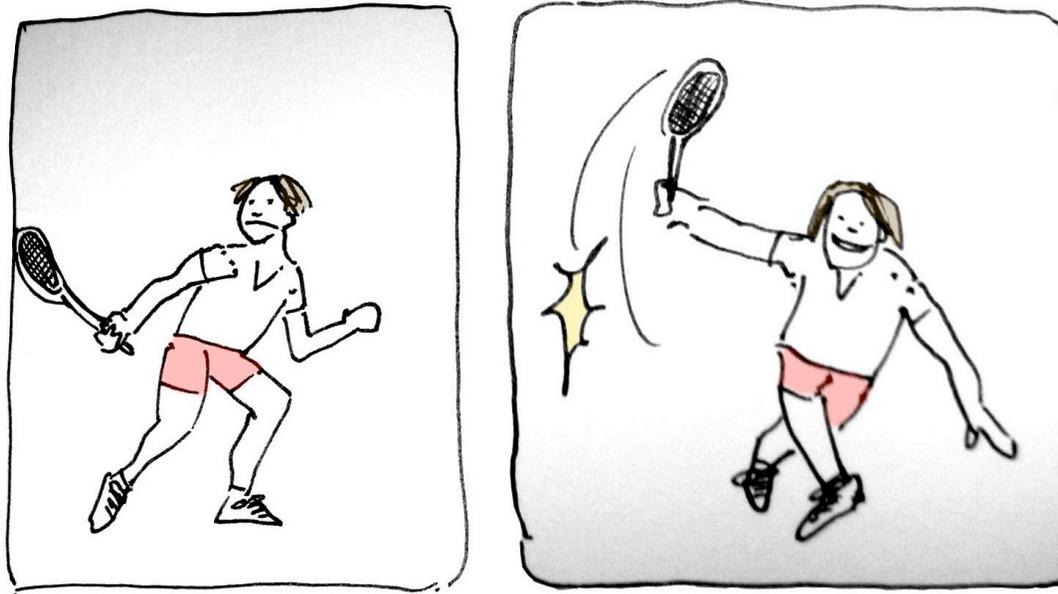

What is tennis? In tennis, you hit a ball, a tennis ball.

You toss a ball up. Then you hit the ball.

You hit the ball with a racket, a tennis racket.

You hit the ball past a net. A buddy will hit the ball back.

You must run to get to the ball. You run fast,
and then hit the ball back to your buddy.

Tennis can be fun.
