Rat's Candy Plan

The wise rat had a plan. He was hungry.

He got the big dog.

The rat said, "What do you think of candy?"

"Yum," said the big dog. "It's fine!"

The rat said, "There is a box of candy by the bed!"

The dog went to the box. He got the lid off.

There was the candy. The dog ran off with a bit of candy.

With the lid off, the rat can get to the rest of the pile!
